I wish summer would last forever so you could stay. Winter will be long and dismal.

I miss you. Summer is nearly over. I can hardly wait to see you again.

Dancing and frolicking in the glen will not be nearly as much fun without you.

Gripe, Gripe, Gripe. Build a bridge and get over it.

Quotes

"It's time I set the record straight about my kidnapping. In all these years, no one has ever asked my side of the story."

"The truth is, we were in love. It was love at first sight."

"...about the pomegranate... It was just an excuse to stay."
